## Church Management Software

Taking Care of your  
Needs...

*Chapter and Verse!*

Have you been searching for *the* one church management program that will do it all?

Look no further! *Verse* is new, easy to use software unique to the special needs of your congregation.

### Modules in *Verse*:

- Bookings 
- Bulletins 
- Cemetery 
- Parish Records 
- Financial 
- Member Data Entry 
- Parish Visits and Travel 
- Payroll and Employees 
- Resources and Contacts 
- Volunteers and Event Planning 
- Setup and Cleanup 

*Verse* is designed for straightforward navigation between records and modules. Simply click and go directly to the form you wish. Search fields are conveniently located in each form to facilitate quick retrieval of information.

### Member Data Entry...

This form is the central location where users enter all data pertaining to members. Assign/reassign envelope numbers, and indicate newsletter recipients. Create family links and print a report with all family members listed together, regardless of last name.

### Parish Records...

The Record Keeping Module tracks all dates: births, church positions, marriages and more.

### Financial Centre

### Modules in Finance:

- General Ledger Account Setup
- Deposit Entry
- PAP and Contribution Setup
- Parish Trusts
- Fee Schedule
- Accounts Payable and Receivable
- Financial Reports

### View and Edit Contributions...

At a glance, view all financial transactions made by members. Processing deposits has never been easier!
